Hey-
you ready to go?

You're wearing your turtle neck?
Yep.
Again?
why? Is there something wrong with it?

No, just... people are gonna ask again if I'm dating Steve Jobs
Oh, ha hah.

I mean, you wear it often enough.
Mm.

You don't have to come tonight if you're not feeling up to it.

?
What is going on? Do you not want me to come?
No, I-

You're trying to dress me like you're my mom and then you...
ok, well
Clearly something's going on!
I just... some b... else

let's just have a fun night, ok?
come on, I'll introduce you...
That's OK.
I don't want to embarrass you.

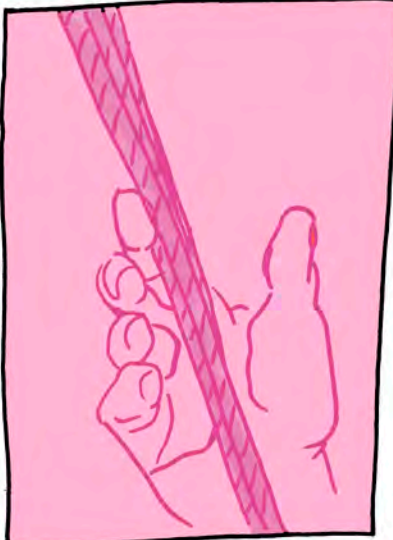

What?
look, can we drop this? I want to go hang out with my friends
Yeah, that's fine by me
I'll come find you in a bit.
SURE

Just unspool me
and use me.

I mean, what is my
future? I'm just going to
be knit into a sweater
or something -

I won't
get to
be tied
as rigging
on a
sailing
ship and
see the
world

I won't be doing anything
important like -- mpfh*!-
